Waiting period

A waiting period is a set amount of time that must pass from an employee's date of hire to when that employee's health insurance benefits begin.

Employee: 30 days - 1st of the month: Eligible for coverage on the first of the month following 30 days from date of hire.

Example: Hire Date = June 15 + 30 days = July 14, coverage effective August 1

Elected Official: 0 days: Eligible for coverage on date of hire.

EMPLOYEE INFORMATION

This is a **general Summary** of your benefit design. Please refer to your benefit booklet for other details and for limitations and exclusions.

MDLive (Telemedicine) is part of your benefit plan design. Access to an independently contracted board-certified doctor is available 24 hours a day, seven days a week to speak to immediately or schedule an appointment based on your availability. Please refer to your benefit booklet for other details.

The following benefits apply to dependent coverage:

- Dependent children are covered to age 26.
- Automatic coverage for newborns for the first 31 days following birth. Infants not enrolled for coverage within the first 31 days after birth will not be eligible for coverage until the following open enrollment period or special enrollment event.

Payments: Network providers agree to accept amounts negotiated with BCBSTX and are paid according to this BCBSTX-determined Allowable Amount. Covered individuals are responsible for any required Deductibles, Coinsurance Amounts, and Copayments. Plan benefits paid to Out-of-Network providers are based on the BCBSTX-determined Allowable Amount, except in the event of Emergency Care received in an outpatient hospital emergency treatment room within 48 hours of the incident. For all other services received by an Out-of-Network Provider, the covered individual will be responsible for charges in excess of the Allowable Amount in addition to any applicable Deductibles, Coinsurance Amounts, and Copayments. For cost savings information, refer to the section on ParPlan Providers and the definition of Allowable Amount in the benefit booklet.

Replacement of Medical Coverage: In compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the following provisions apply to each eligible participant who has health coverage under the employer's plan immediately prior to the effective date of the health contract between the employer and BCBSTX (the contract date):

- Benefits for eligible expenses incurred for any service or supplies prior to the contract date, are not covered under the contract.
- Eligible expenses for services or supplies incurred on or after the effective date will be considered for benefits subject to all applicable contract provisions.

EMPLOYEE INFORMATION

This is a general summary of your benefit design. Please refer to your benefit booklet for other details and for limitations and exclusions. The following eligibility provisions apply:

- Dependent children are covered to age 26. Disabled dependent children can be covered beyond age 26.
- Retirees may be eligible, depending on employer contract.
- Employees may enroll dependent children up to age 5, on the first of the month following application with no late enrollment penalty.

An exclusion will apply to expenses involving the replacement of teeth that were missing prior to the effective date of the dental contract. All other benefits will begin on the first day of coverage. This exclusion will not apply to:

- Any participant who becomes effective on the dental contract date who was covered under a previous group dental care contract by the Employer.
- Any participant who has been continuously covered for 24 months under a group dental care contract with BCBSTX which included prosthetic benefits.
- A partial or full denture or fixed bridge which includes replacement of a missing tooth which was extracted after coverage becomes effective.

When the course of treatment will be in excess of \$300, a predetermination request should be submitted to BCBSTX in advance of treatment.

Take Advantage of Preventive Services

Your family's track to better health begins with a single step

Preventive check-ups and screenings can help find illnesses and medical problems early and improve the health of you and everyone in your family.

Your health plan covers screenings and services with no out-of-pocket costs like copays or coinsurance as long as you visit a doctor in your plan's provider network. This is true even if you haven't met your deductible.

Some examples of preventive care services covered by your plan include general wellness exams each year,

recommended vaccines, and screenings for things like diabetes, cancer or depression. Preventive services are provided for women, men and children of all ages.

For more details on what preventive services are covered at no cost to you, refer to the back of this flier for a listing of services, or see your benefits materials.

¹ Non-grandfathered health plans are required by the Affordable Care Act to provide coverage for preventive care services without cost-sharing only when the member uses a network provider. You may have to pay all or part of the cost of preventive care if your health plan is grandfathered. To find out if your plan is grandfathered or non-grandfathered, call the Customer Service number listed on your member ID card.

Confused About Where to Go for Care?

SmartER CareSM options may save you money.

If you aren't having an emergency, deciding where to go for medical care may save you time and money.

You have choices for where you get non-emergency care — what we call SmartER Care. Use the chart below to help you figure out when to use each type of care.

When you use in-network providers for your family's health care, you usually pay less for care. Search for in-network providers in your area at <https://mybenefits.counity.org>. Select **Get Connected** and click on the **Blue Cross and Blue Shield** link. Use the information on your member ID card to complete the process. You may also call the Customer Service number on the back of your member ID card.

Freestanding ER

- Open 24 hours, seven days a week
- Could be transferred to a hospital-based ER depending on medical situation
- Services do not include trauma care
- Often freestanding ERs are out-of-network. If you receive care from an out-of-network provider, you may have to pay more. Providers outside the network may "balance bill" you, which means they may charge you more than your health plan's fee schedule.
- All freestanding ERs charge a facility fee that urgent care centers do not. You may receive other bills for each doctor you see.⁵

\$\$\$\$

Hospital ER

- Open 24 hours, seven days a week
- Average wait time is 4 hours, 7 minutes⁴
- If you receive care from an out-of-network provider, you may have to pay more. Providers outside the network may "balance bill" you, which means they may charge you more than your health plan's fee schedule.
- Multiple bills for services such as doctors and facility

\$\$\$

Urgent Care Center

- Generally includes evenings, weekends and holidays
- Often used when your doctor's office is closed, and you don't consider it an emergency
- Average wait time is 16-24 minutes³
- Many have online and/or telephone check-in

\$\$

Retail Health Clinic

- Based upon retail store hours
- Usually lower out-of-pocket cost to you than urgent care
- Often located in stores and pharmacies to provide convenient, low-cost treatment for minor medical problems

\$

Doctor's Office

- Office hours vary
- Generally the best place to go for non-emergency care
- Doctor-to-patient relationship established and therefore able to treat, based on knowledge of medical history
- Average wait time is 18 minutes²

\$

Virtual Visits

- Available 24 hours a day, seven days a week
- Access to care for non-emergency medical issues whether you're at home or traveling
- Based on your location, have a doctor or behavioral health professional visit by phone at **888-680-8646**, online at **MDLIVE.com/bcbstx** or with the MDLIVE[®] mobile app¹
- Average wait time is less than 20 minutes
- Powered by MDLIVE

\$

If you need emergency care, call 911 or seek help from any doctor or hospital immediately.

Note: The relative costs described here are for independently contracted network providers. Your costs for out-of-network providers may be significantly higher. Wait times described are just estimates.

Urgent Care Center or Freestanding ER Knowing the Difference Can Save You Money

Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs may be higher. A visit to a freestanding ER often results in medical bills that may be 10 times the rate charged by urgent care centers for the same services.³ Here are some ways to know if you are at a freestanding ER.

Freestanding ERs:

- Look like urgent care centers, but have the word "Emergency" in their name or on the building.
- Are open 24 hours a day, seven days a week.
- Are not attached to and may not be affiliated with a hospital.
- Are subject to the same ER member share which may include a copay, coinsurance and applicable deductible.

Find urgent care centers⁴ near you by texting⁵ **URGENTTX** to **336633**.

SAVE MONEY WITH IN-NETWORK PROVIDERS and Avoid "BALANCE BILLING"

Get the most from your health plan benefits by using in-network providers when possible. Use Provider Finder® from Blue Cross and Blue Shield of Texas (BCBSTX) when you need to find a doctor, hospital or other facility. This may help lower your out-of-pocket costs.

Knowing how your plan works can help you save.

Doctors, hospitals, clinics and urgent care facilities (these are all called "providers") who contract independently with the PPO network have agreed to accept our negotiated rates as payment in full. When you receive care from a network provider, you will usually pay less out of pocket than at an out-of-network provider.

If you receive care from a provider that is outside the PPO network, you may have to pay more for your care or even the full cost if it is not a covered service.

Providers outside the network may "balance bill" you, which means they may charge you more than what your health plan pays and up to the provider's billed charge. Examples of out-of-network providers you may encounter include emergency room and hospital-based physicians. It is possible that a hospital is in the network, but a doctor or other provider treating you there may be out of network. When possible, ask if all providers that will be providing services are in the network for your plan.

Call Customer Service at **855-357-5228** if you have a question about your benefits or want help using Provider Finder.

Before you go for medical care, make sure the doctor or hospital is part of the PPO network.

There are several ways to find a PPO network provider:

- Register or log in to Blue Access for MembersSM, our secure member website at <https://mybenefits.county.org>. Click on **Benefits**, then select **Links & Contacts** and **Go to Blue Cross Blue Shield Member Site**. Use the information on your member ID card to complete the process. Click the **Doctors & Hospitals** tab to conduct a personalized search based on your health plan and network.
- You can use Provider Finder from your phone or tablet by downloading the free mobile app. Just text* **BCBSTXAPP** to **33633**.
- Call Customer Service at **855-357-5228** for help.

In an emergency, call 911 or go to the nearest emergency room.

DO YOU WANT TO SAVE MONEY THIS YEAR?

It pays to be a smart health care shopper.

At the start of each plan year, your deductible and out-of-pocket limits start again, so it pays to know what those limits are. It is also smart to know about your costs for doctor visits and medical procedures. These can differ greatly even in the same city. Use your money wisely this year.

Terms you should know to get the most from your health plan:

- **Network:** Not all health care professionals are in the same network, so you need to check to make sure your doctor or hospital is in your plan's network.
- **Deductible:** Most plans call for you to pay a certain amount before your health plan starts to pay. For instance, if your deductible is \$2,000, your plan may not pay anything until you've paid the first \$2,000.
- **Coinsurance:** Some plans don't cover all your costs. They may include coinsurance - your share of the costs of a covered health care service. Coinsurance is often a percentage of the total cost. For instance, you may pay 20 percent of an allowed service while your plan pays 80 percent.
- **Copayment (or copay):** This is a flat dollar amount you pay when you see a doctor, use medical services or fill a prescription.
- **Out-of-Pocket Maximum:** Your health plan will have a limit on how much you are required to pay in one year. If your out-of-pocket maximum is \$5,000, you won't pay anything once you've paid that \$5,000. That means no more copays or coinsurance.

Understand Your Health Plan Before You Get Care to Help Avoid Higher Costs.

Preauthorization (also known as ‘prior authorization’) means that approval is needed from your health plan before you have certain health tests or services. To help make sure your care is appropriate and to avoid unexpected costs, it’s important that approval is received **before** you get these services.

Usually, your network provider will take care of preauthorization before the service is performed. But it is always a good idea to check if your doctor has gotten the needed approval.

Your Preauthorization Checklist

Once your health plan coverage starts, you can begin using the resources below. Be a smart health care shopper – use these tools to stay informed about your plan benefits!

CONNECT WITH US

Use the information on your Blue Cross and Blue Shield of Texas (BCBSTX) member ID card to create a Blue Access for MembersSM (BAMSM) account at <https://mybenefits.county.org>. Click on *Benefits*, then select *Links & Contacts* and *Go to Blue Cross Blue Shield Member Site*. Use the information on your member ID card to complete the process. And download the BCBSTX App at the Apple or Google Play store. Both tools can help you keep up with your benefits. You may also call the Customer Service number on the back of your member ID card.

KNOW WHAT YOUR PLAN REQUIRES

Log in to BAM and click *My Coverage*. Under the *Referral and Prior Authorization Information* tab, you’ll see a list of services that may require preauthorization. You can find a more detailed list of services that require approval under your plan in your benefit booklet. Confirm with your provider that they have gotten approval before your service.

TRACK YOUR STATUS

You can check whether your preauthorization has been submitted or approved online. In BAM, go to *My Coverage*, then *Referral and Prior Authorization Information*. Or in the BCBSTX App, click *More*, then *Prior Authorization*.

We want you to get the most out of your health care benefits – let us help! Call the number on the back of your BCBSTX member ID card for questions.

Services That May Require Preauthorization

We want you to be clear about what your health plan covers.

Here is a list of services¹ that may need approval in advance:

- Advanced imaging
- Air ambulance (for non-emergencies)
- Behavioral health care, either in or outside of a hospital
- Certain cardiology diagnostic, imaging and surgical procedures
- Electrical stimulation of the brain, nerves or stomach
- Home health care
- Home infusion
- Hospice
- Inpatient hospital stays²
- Joint surgery
- Pain management
- Sleep studies
- Some ear, nose or throat services, such as bone conduction hearing aids, cochlear implants or surgery
- Some high-cost specialty drugs
- Some surgeries of the face, jaw, mouth or teeth
- Some wound care services, such as high-pressure oxygen treatment
- Spine surgery
- Stays in a facility for rehabilitation, long-term care or skilled nursing care

You are responsible for calling BCBSTX if you get out-of-network care. Be sure to notify BCBSTX within two days of an emergency, maternity, mental health or substance abuse hospital admission at an out-of-network facility.

For preauthorization or other questions, call the number on the back of your member ID card.

¹ Preauthorization requirements vary by plan. Check your benefits booklet or call the Customer Service number on the back of your member ID card for questions about your benefits.

² In-network inpatient hospitals are required to request preauthorizations on your behalf.

Understanding Your Explanation of Benefits

An Explanation of Benefits (EOB) is a notification provided to members when a health care benefits claim is processed by Blue Cross and Blue Shield of Texas (BCBSTX). The EOB shows how the claim was processed. The EOB is not a bill. Your provider may bill you separately.

THE EOB HAS THREE MAJOR SECTIONS:

- **Subscriber Information and Total of Claim(s)** includes the member's name, address, member ID number and group name and number. The Total of Claims table shows you the amount billed, any applied discounts, reductions and payments and the amount you may owe the provider.
- **Service Detail** for each claim includes:
 - Patient and provider information
 - Claim number and when it was processed
 - Service dates and descriptions
 - The amount billed
 - The discounts or other reductions subtracted from amount billed
 - Total amount covered
 - The amount you may owe (your responsibility)
- **Summary** - Shows you what the plan covers for each claim and your responsibility including:
 - Plan Provisions**
 - The amount covered
 - Less any amounts you may owe, like deductible, copay and coinsurance
 - Your Responsibility**
 - Deductible and copay amount
 - Your share of coinsurance
 - Amount not covered, if any
 - Amount you may owe the provider. You may have paid some of this amount, like your copay, at the time you received the service.

The EOB may include additional information:

- **Amounts Not Covered** will show what benefit limitations or exclusions apply.
- **Out-of-Pocket Expenses** will show an amount when a claim applies toward your deductible or counts toward your out-of-pocket expenses.
- **Fraud Hotline** is a toll-free number to call if you think you are being charged for services you did not receive or if you suspect any fraudulent activity.
- **An explanation** of your right to appeal if your health plan doesn't cover a health care claim.

Available in English and Spanish

Your EOBs Are Available Online!

Sign up for Blue Access for MembersSM (BAMSM) at <https://mybenefits.county.org> for convenient and confidential access to your claim information and history. Click on **Benefits**, then select **Links & Contacts** and Go to **Blue Cross Blue Shield Member Site**. Use the information on your member ID card to complete the process. Choose to opt out of receiving EOBs by mail to save time and resources. Go to BAM and click on **Settings/Preferences** to change your preferences.

Health Insurance Fraud

What You Should Know

Fraud Affects Everyone

Fraud may cost the health care industry (public and private payers) more than \$200 billion each year. As a member of Blue Cross and Blue Shield of Texas (BCBSTX), this fraud may cause you to face rising premiums, increased copayments and deductibles, and the elimination of certain benefits.

Don't Be a Victim

In addition to losing money through fraud, members may also experience physical and mental harm as a result of health care fraud schemes in which a provider performs unnecessary or dangerous procedures.

Identifying Fraud

Commonly identified schemes involving providers include:

- ▶ **Misrepresenting Services** – Intentionally billing procedures under different names or codes to obtain coverage for services that aren't included in a member's plan.
- ▶ **Upcoding** – Deliberately charging for more complex or more expensive services than those actually provided.
- ▶ **Non-rendered and/or "Free" Services** – Some providers intentionally bill for tests or services never provided. This can also mean that the provider offered "free" services to bill the insurance company for services not performed or needed.
- ▶ **Kickbacks, Bribes or Rebates** – Referring patients to a provider or facility where the referring provider has a financial interest.

Commonly identified member schemes include:

- ▶ **Identity Swapping** – Allowing an uninsured individual to use your insurance card.
- ▶ **Identity Theft** – Using false identification to gain employment and the health insurance benefits that come with it.
- ▶ **Non-eligible Members** – Adding someone to a policy who is not eligible or failing to remove someone when that person becomes ineligible.
- ▶ **Prescription Medicine Abuse and Diversion** – Controlled substances can be obtained through deception or dishonesty for personal use or sale "on the street." Prescription medications can be obtained through doctor shopping, visiting several emergency rooms or stealing doctors' prescription pads.

Fraud **increases costs**
and **decreases benefits.**

Fighting Fraud

BCBSTX offers these tips:

- ▶ Know your own benefits and scope of coverage.
- ▶ Review all Explanation of Benefits (EOB) forms. Make sure the exams, procedures and tests billed were the ones you actually had with the provider who treated you.
- ▶ Understand your responsibility to pay deductibles and copayments, and what you can and cannot be balance-billed for once your claim has been processed.
- ▶ Guard your health insurance card and personal insurance information. Notify BCBSTX immediately if your card or insurance information is lost or stolen.
- ▶ Sign and date only one claim form per office visit.
- ▶ Never lend your member ID card to another person.
- ▶ Don't give out insurance or personal information if services are offered as "free." Be sure you understand what is "free" and what you or your employer will be charged for.
- ▶ Ask your doctors exactly what tests or procedures they want you to have and why. Ask why the tests or procedures are necessary before you have them.
- ▶ Be sure any referrals you receive from your network provider are to other network doctors or facilities. If you're not sure, ask.
- ▶ Monitor your prescription utilization via the BCBSTX website or your Pharmacy Benefit Manager (PBM). Make sure the medications billed to your insurance are accurate.

Our **Special Investigations Department** is one of the most effective in the industry.

Preventing Health Care Fraud

BCBSTX created the Special Investigations Department (SID) to fight fraud and help lower health care costs. The staff includes individuals with medical, insurance and law enforcement backgrounds as well as data analysts experienced in detecting fraudulent billing schemes. The SID aggressively investigates allegations of fraud and refers appropriate cases for criminal prosecution.

Fraud Isn't Fair. Help Us Fight It.

Reducing health care fraud is a collaborative effort between BCBSTX, its providers and its members. Additional information — including a fighting fraud checklist — is available through the SID website at bcbstx.com/sid.

We also encourage you to report any suspected incidence of fraud by calling our Health Care Fraud Hotline, completing a form online or sending us a note in the mail. Suspicions of fraud can be reported to the SID anonymously.

Three Ways To Report Fraud To BCBSTX

The SID is here to help you. You can contact the SID in any of the following ways:

1. 800-543-0867

The toll-free Fraud Hotline operates 24 hours a day, seven days a week. You can remain anonymous or provide information if you want to be contacted by a member of the SID.

2. bcbstx.com/sid/reporting

This website address links to an online fraud reporting form that can be completed and sent to the SID electronically.

3. U.S. Mail

You can write the SID at:

Medical Plan

Frequently Asked Questions

Q. Are my medical records kept confidential?

A. Yes. Blue Cross and Blue Shield of Texas (BCBSTX) is committed to keeping all specific member information confidential. Anyone who may have to review your records is required to keep your information confidential. Your medical records or claims data may have to be reviewed (for example, as part of an appeal that you request). If so, precautions are taken to keep your information confidential. In many cases, your identity will not be associated with this information.

Q. Who do I call with questions about my benefits?

A. Call the toll-free Customer Service number on the back of your ID card.

Q. How do I find a contracting network doctor or hospital?

A. Go to bcbstx.com and use the **Provider Finder**[®], or call Customer Service at the toll-free number on the back of your ID card.

Q. What do I do when I need emergency care?

A. Call 911 or seek help from any doctor or hospital. BCBSTX will coordinate your care with the emergency provider.

Q. What should I bring to my first appointment with a new doctor?

A. Your first appointment is an opportunity to share information about your health with your new doctor. Bring as much medical information as possible, including:

- **Medical records and insurance card** — If you are undergoing treatment at the time you change doctors, your medical records are important to your new doctor. Your insurance card provides information about copayments, billing and customer service phone numbers.
- **Medications** — Give your new doctor information about prescription and over-the-counter medications, including any herbal medications you take. Be sure to include the name of the medication, the dosage, how often you take it and why you take it.

- **Special needs** — Make a list of any equipment or devices you use including wheelchairs, oxygen, glucose monitors and the glucose strips. Be prepared to explain how you use them, not only to make sure you have the equipment you need, but also to make sure that there is no disruption in your care.

Q. What questions should I ask if I am selecting a new doctor?

A. In addition to preliminary questions you might ask a new doctor — such as “Are you accepting new patients?” — here are some questions to help you evaluate whether a doctor is right for you.

- What is the doctor’s experience in treating patients with the same health problems that I have?
- Where is the doctor’s office? Is there convenient and ample parking, or is it close to public transportation?
- What are the regular office hours? Does the office have drop-in hours if I have an urgent problem?
- How long should I expect to wait to see the doctor when I’m in the waiting room?
- Are routine lab tests and X-rays performed in the office, or will I have to go elsewhere?
- Which hospitals does the doctor use?
- If this is a group practice, will I always see my chosen doctor?
- How long does it usually take to get an appointment?
- How do I get in touch with the doctor after office hours?
- Can I get advice about routine medical problems over the phone or by email?
- Does the office send reminders for routine preventive tests like cholesterol checks?

Q. What if I’m already in treatment when I enroll and my provider isn’t in the network?

A. We’ll work with you to provide the most appropriate care for your medical situation, especially if you are pregnant or receiving treatment for a serious illness. You may still be able to see your out-of-network provider for a period of time. Call the toll-free Customer Service number on the back of your ID card for more information.

Your Medicare Checklist:

This checklist will help you remember the important steps that need to be taken between now and your 65th birthday or when you become Medicare eligible. The items are listed in the order you should address them.

7 to 9 Months Before Your 65th Birthday

- Contact the Social Security Administration at 1-800-772-1213, TTY: 1-800-325-0778, or go online to ssa.gov to confirm your eligibility for Medicare benefits.
- Review your current health insurance coverage to find out what happens after you become Medicare eligible. If you are working, contact your Human Resources department.

4 to 6 Months Before Your 65th Birthday

- Check with your current doctors to see if they accept Medicare.
- Learn and research Medicare coverage options in your area at medicare.gov (general Medicare information, ordering Medicare booklets, information about health plans, learning if you qualify for financial assistance) or bcbstx.com/medicare (coverage specifics, plan options and estimated costs).

3 Months Before Your 65th Birthday

- Enroll in Medicare Part A and Part B*. If you haven't received your automatic enrollment packet in the mail, contact the Social Security Administration at 1-800-772-1213, TTY/TDD: 1-800-325-0778, or go online to ssa.gov.
- Select your Medicare coverage option. Learn about BCBSTX's options at bcbstx.com/medicare or speak to a BCBSTX Medicare sales representative at 1-866-292-6745, TTY/TDD: 711. We are open 8 a.m. – 8 p.m., local time, 7 days a week. If you are calling from February 15 through September 30, alternate technologies (for example, voicemail) will be used on weekends and holidays.

* You may defer enrollment in Part B for as long as you are enrolled in a qualifying group health plan.

IV. Navitus - Prescription Drugs

FINDING YOUR PHARMACY

Navitus makes it easy to fill your prescriptions with retail network pharmacies around the United States. Choose a participating retail pharmacy close to home or work.

Some of the pharmacies available:

- » CVS
- » HEB
- » Lifechek
- » Walgreens
- » WalMart
- » Kroger
- » Brookshire Brothers
- » Savon
- » plus many independently operated retail pharmacies

NOTE: Not all retail stores for pharmacy chains listed above are included in the network. Check the up-to-date listing on the website or call Navitus Customer Care to confirm that your preferred pharmacy is a participating network location.

If you are taking a maintenance medication for longer than 30 days, consider using the mail order pharmacy or participating '90 day at retail' pharmacy locations. It's convenient and saves money.

COMPARE PRICES AND LOCATE PHARMACIES USING NAVITUS' COST COMPARE TOOL

Are you looking for ways to pay the lowest cost for your medications? Navitus can help.

Prescription medication prices often vary between pharmacies. To help you compare prescriptions costs and choose the best price at the best location, Navitus offers Cost Compare.

The Cost Compare tool is available via the Navi-Gate[®] for Members portal through www.mybenefits.county.org. This new tool can help you:

- Identify lower cost alternatives
- See suggested alternatives to your prescribed drugs
- Find participating network pharmacies

By entering information such as your city and state or zip code, the name and strength of your prescribed drug, and other preferences, the Cost Compare tool will provide results that allow you to compare prices and save on your prescriptions.

Cost Compare is available on **any device, anywhere, anytime**, and at no additional cost.

SAVING MONEY with mail order service

WHY USE OUR MAIL SERVICE?

With Navitus' mail order pharmacy service through Costco, you save both money and time spent picking up your medicine. By filling your prescriptions through mail order, you may receive a 3-month supply of medication for the out-of-pocket costs of 2 months.* *You do not have to be a member of Costco to use the mail order service.*

* Please refer to your plan description for more details.

Drug	Supply	Copay Amount	Out of Pocket Costs per Year
Glipizide	30 days	\$5.00	\$60.00
Glipizide	90 days	\$10.00	\$40.00

With this example, total cost savings is \$20.00 a year!

FILLING YOUR PRESCRIPTION

Filling Your Prescription at a Network Pharmacy

The first step to filling your prescription is deciding on a participating pharmacy. In most cases, you can still use your current pharmacy. There is a complete list on the Navitus member website.

Your Pharmacy Benefit ID Card

Your TAC HEBP/Blue Cross ID card contains information the pharmacy needs to process your prescription. To determine your copay before going to the pharmacy, consult your Pharmacy Benefit Highlights or call customer care.

Submitting a Claim

In an emergency, you may need to request reimbursement for prescriptions that you have filled and paid for yourself. To submit a claim, you must provide specific information about the prescription, the reason you are requesting reimbursement, and any payments made by primary insurers. Complete the appropriate claim form and mail it along with the receipt to:

***Navitus Health Solutions
Operations Division -
Claims P.O. Box 999,
Appleton, WI 54912-0999***

Claim forms are available on the website or by calling customer care.

Understanding Your Prescription Label

Medication labels can be confusing and hard to read and it's easy to forget a doctor's or pharmacist's instructions. This handy guide makes it easy to decipher the prescription label on your medication, so you can take your medication correctly and reap the benefits of improved health.

Why Is This Important?

Not all prescription labels look alike, but this example shows the key features that most labels will have.

¹ Aspden P, Wolcott J, Bootman L, Cronenwett L, editors. Preventing medication errors. Washington DC: Institute of Medicine of the National Academies; 2006.
² Berman A. Reducing medication errors through naming, labeling, and packaging. J Med Syst. 2004;28:9-29.

Reading Label Instructions

78% of patients misunderstood one or more label instructions.³

Here are some common instructions and what they mean. If in doubt, always ask your pharmacist.

What it says:

Take 3 tablets by mouth twice daily.

Take 2 pills by mouth every day. Take 1 with Breakfast and 1 with dinner.

Take 1 tablet by mouth three times daily.

What it means:

Take 3 tablets every 12 hours.

Take 1 pill with breakfast and take 1 pill with dinner every day. These should be around 12 hours apart.

Take 1 tablet every 8 hours.

Five Things to Check at the Pharmacy

1

Is the medication correct?

2

Is the dosage correct?

3

Do I understand the instructions?

4

When does it expire?

5

How do I get refills?

Five Questions to Ask Your Pharmacist

1

How much should I take, when, and how often?

2

Does my medication interact with other medications I'm taking?

3

Is there anything I should avoid eating or drinking while taking my medication?

4

What are the possible side effects?

5

When should I stop taking this medication?

TEXAS ASSOCIATION *of* COUNTIES HEALTH AND EMPLOYEE BENEFITS POOL

Understanding Your Prescription Drug Formulary

TAC HEBP's size enables extremely competitive prescription pricing. This helps stabilize and ultimately lower health plan cost(s) for our members.

The Pool uses a separately contracted prescription drug program with Navitus Health Solutions to provide excellent services and keep drug costs in check. Navitus has several features designed to help contain costs for members and improve patient prescription drug access.

What is a Prescription Drug Formulary?

A formulary is a list of commonly prescribed medications. It includes generic and brand name prescription medications approved by the U.S. Food and Drug Administration (FDA). Formulary lists are available and listed alphabetically by drug name and listed by common drug categories or classes. A "Quick Reference Formulary" (QRF) is also available which lists roughly 200 of the most commonly prescribed medications.

View or download your formulary at:
<https://www.county.org/Health-Benefits/Prescription-Benefits>

How do I use the formulary?

You and your health provider can consult the formulary to help select the most cost-effective prescription medications. The formulary tells you if a medication is generic or brand name, what cost tier it is in and if there are coverage requirements or limits. Bring the formulary document with you (or bookmark it on your cell phone) when you see your health provider. If a medication you are looking for is not listed on the formulary, call the toll-free customer service number listed on the back of your health plan ID card.

Prescription Drug Terminology
What are tiers?

- Tier 1** Consists of lowest-cost prescription drugs – most are generic but there are a few low cost brand-name drugs in this tier.
- Tier 2** Consists of medium-cost prescription drugs – includes mostly brand-name and some high cost generic prescription drugs.
- Tier 3** Consists of higher-cost prescription drugs – includes mostly brand-name prescription drugs and almost all specialty drugs.

What is the difference between over-the-counter, generic, brand name and specialty medications?

Over-the-counter (OTC) medications can be purchased without a prescription. Many OTC medications required a prescription when the drug was initially put on the market, but after years of usage and successful clinical outcomes, they were approved by the FDA for non-prescription purchase. Although most OTC medications are not covered by your health plan, they may cost less than a prescription medication.

Generic medications are created to be the same as an existing approved brand-name drug in dosage form, safety, strength, quality and effectiveness. Once the patent for a brand-name medication ends, the FDA can approve a generic version, which may be manufactured by the same company as the brand-name version, or by other manufacturers. Generic medicines work in the same way and provide the same clinical benefits as the brand-name version, but they often cost less.

Brand-name medications are protected by patent and cannot be duplicated by other drug manufacturers. These medications may or may not have a generic equivalent, but if they do, it is likely (but not absolute) that the generic is less expensive.

(continued)

TEXAS ASSOCIATION *of* COUNTIES HEALTH AND EMPLOYEE BENEFITS POOL

Specialty medications are used to treat rare or complex conditions that require additional support and are generally very expensive. These medications are usually managed by the Lumicera specialty pharmacy, which provides personalized support to help patients get the most benefit out of their treatment plan.

Examples include medications that work the same way but one is much more expensive than another, or when alternatives are available without a prescription (over-the-counter (OTC) medications). There are also instances where the same product can be made by multiple drug manufacturers but vary in cost; in these instances, only the lower-cost product may be covered.

Who decides which medications are covered?

Thousands of medications are currently on the market and more are added regularly. Often several medications are available to treat the same condition. The Navitus Pharmacy and Therapeutics committee, which includes physicians from multiple specialties and pharmacists (none of whom are employed by Navitus), meets regularly to provide clinical reviews of new medications and updates on existing products. Using this information, TAC HEBP works with a nationally recognized independent pharmacy consulting firm to evaluate Navitus' recommendations for formulary changes, and to determine tier placement for all medications and supplies provided by your prescription benefits.

When does the formulary change?

Updated formulary lists are published each month on the TAC HEBP website (<https://www.county.org/Health-Benefits/Prescription-Benefits>).

Changes to the formulary may occur for the following reasons:

- Medications may change tiers based on changes to drug manufacturer pricing;
- Medications may move between tiers when a generic becomes available;
- Medications may be excluded from coverage based on updated clinical evidence and/or the availability of newer therapies.

When a medication changes tiers, you will have to pay a different amount for that medication. You can log into the Navitus website at any time to review your medication coverage, historical claims and to explore lower-cost options. Access the Navitus website through your TAC HEBP employee portal at www.mybenefits.county.org

Why are some medications excluded from coverage?

Medications are reviewed based on their total value, including effectiveness, safety, cost and the availability of alternative medications to treat the same or similar medical conditions. Some medications may be excluded from coverage or subject to utilization management (prior authorization, step therapy or quantity limits) if similar alternatives are available at a lower cost.

If you have questions about the information listed in this formulary, please contact Navitus Customer Care at (866) 333-2757.

WHAT IS PRIOR AUTHORIZATION?

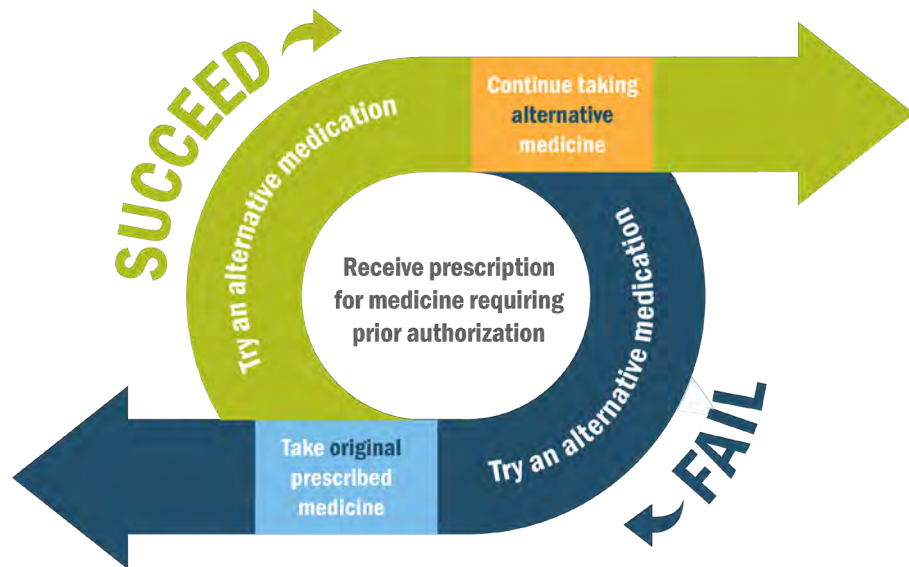

Prior authorization is a tool that ensures members receive safe, appropriate, and cost-effective medicine. Medicines requiring prior authorization are noted on your formulary with a ^{PA}.

How Does It Work?

If you are prescribed a medicine that needs prior authorization, you will need to meet certain criteria before the medicine is covered by your plan.

Before a prior authorization is approved, your prescriber will be asked to write a prescription for an alternative medicine that is covered under your plan. These alternatives have similar therapeutic value and effectiveness. If you try the alternative medicine and it does not have the intended response, the prior authorization for the original prescription can be considered. If the alternative medicine works, you will be encouraged to continue taking it.

Alternatively, your doctor may decide that you do not need to try an alternative medicine. This will be based on your diagnosis or unique situation. In this case, the prescriber, plan sponsor and Navitus will work together to complete the prior authorization process.

Who Decides What Medicines Need Prior Authorization?

Your plan sponsor works with Navitus to develop prior authorization criteria. These follow recommendations from the FDA and the Navitus Pharmacy and Therapeutics Committee.

Why Does Navitus Use Prior Authorization?

Prior Authorization is a standard health care process that most pharmacy benefit managers use. It is an effective tool for making sure that members receive the best quality medicine at the lowest cost. It is one of the many tools that support Navitus' mission to improve member health and lower costs.

WHAT IS STEP THERAPY?

Step therapy is a formulary management tool used for high-cost prescription medicine. When a medicine requires Step Therapy (noted on the formulary with ST), you must try a less costly prescription medicine first. This is called a *first-line therapy*. Once you have tried and failed a first-line therapy, you will be able to take steps to receive the medicine you were originally prescribed, which is called a *second-line therapy*.

You and your prescriber may find that the first-line therapy works very well for you. If that's the case, you may continue using it rather than pursuing the second-line therapy.

If you feel that your need for a second-line therapy should override this process, please ask your prescriber to contact Navitus. And rest easy knowing that there are other covered medicines available with similar therapeutic value, effectiveness, and side effects.

Who decides what medicines need Step Therapy?

Your plan sponsor and the Navitus Pharmacy and Therapeutics Committee have worked together to decide which medicines should require Step Therapy.

Why does Navitus use Step Therapy?

Step Therapy is an effective tool for ensuring that members receive safe, effective, high-quality medicine at the lowest net cost. It is our mission to improve health among our members. Formulary management—which includes Step Therapy—is one of the many ways we can help members experience good quality of life and manageable medication regimens.

Rx FAQs

How do I fill a prescription when I travel for business or vacation?

If you are traveling for less than one month, any Navitus Network Pharmacy can arrange in advance for you to take an extra one-month supply. A copayment will apply.

Visit **www.navitus.com** for complete instructions on filling prescriptions while traveling, or contact Customer Care.

If you are traveling for more than one month, you can request that your pharmacy transfer your prescription order to another network pharmacy located in the area where you will be traveling.

Can prescriptions be mailed to me if I'm outside of the United States?

Prescriptions cannot legally be mailed from the mail order pharmacy or any pharmacy in the United States to locations outside of the country, except for U.S. territories, protectorates and military installations.

How do I use the Navitus SpecialtyRx program?

Navitus SpecialtyRx works with our specialty partner to offer services with the highest standard of care. You will get one-on-one service with skilled pharmacists. They will answer questions about side effects and give advice to help you stay on course with your treatment. With Navitus SpecialtyRx, delivery of your specialty medications is free, and right to your door or prescriber's office via FedEx. Local courier service is available for emergency, same day medication needs. We will work with your prescriber for current or new specialty prescriptions.

BCBSTX - Dental

Smile! You Have BlueCare Dental PPOSM

BlueCare Dental PPO offers you and your family access to one of the largest national dental PPO network of providers¹.

This network includes general and specialty dentists in Texas as well as across the country. As a BlueCare Dental PPO plan member, you can go to any dentist. However, you'll save money and get more from your benefits when you use an in-network dentist. These in-network dentists have agreed to:

- Accept set fees for covered services
- Not bill you for costs over the negotiated fees (except copayments, coinsurance and deductibles)

If you choose an out-of-network dentist, he or she may have higher fees and charge you for amounts not covered by your insurance. To get the most from your benefits, choose an in-network dentist.

Finding an In-Network Dentist is Easy

For a list of in-network general and specialty dentists, go to mybenefits.county.org. Click on **Benefits**, then select **Links & Contacts** and Go to **Blue Cross Blue Shield Member Site**. Use the information on your member ID card to complete the process. Then click on the Doctors and Hospitals Tab and select Find a Dental Provider. You can search for a dentist near your home, school or office.

BlueCare Dental ConnectionSM

As an enhanced service, Blue Cross and Blue Shield of Texas (BCBSTX) offers BlueCare Dental Connection. This service provides educational information and other resources to help you make choices about your dental care – at no extra cost.

To help you learn about good oral health, BlueCare Dental Connection offers:

- Educational mailings
- 24-hour online access to the Dental Wellness Center, which offers educational articles and special tools

The Dental Wellness Center allows you to:

- Ask dental-related questions through **Ask a Dentist**
- Find an in-network dentist using **Provider Finder**
- Research dental fees in your area with the **Dental Cost Advisor**
- Search the **Dental Dictionary** of common clinical terms
- View animations on different dental topics in the **Treatment and Procedure** tool

Enjoy a lifetime of healthy smiles with good dental care

Don't brush off good dental hygiene

Taking good care of your teeth right now will keep them healthy and strong for a lifetime. Apply these dental care basics to keep your teeth—and your health—at their best:

- Brush your teeth at least twice a day using a toothbrush with soft bristles and fluoride toothpaste. Use a circular motion and short back-and-forth strokes.
- Always brush gently along the gum line.
- Remember to brush your tongue.
- Floss your teeth each day.
- Replace your toothbrush at least every three months.

Your oral health is linked to your overall health, and sometimes the first sign of disease shows up in your mouth. That's why it is important to visit your dentist every six months for dental cleanings and checkups.

Brushing up on dental care is not only good for your smile, but your overall health.

Live Well with the Well onTarget Member Wellness Portal

The Well onTarget® Member Wellness Portal at wellontarget.com provides you with tools to help you set and reach your wellness goals. The portal is user-friendly, so you can find everything you need quickly and easily.

Explore Your Wellness World

When you log in to your portal, you will find a wide variety of health and wellness resources, including:

- The Health Assessment (HA)
- Self-Management Programs
- Health trackers
- Trusted news and health education content

See Your Stats in a Flash

Everything you want to see quickly is on your dashboard. The dashboard shows all of your Well onTarget programs. You can see where you are today compared with where you were when you started. You can also read the latest health news, check your activity progress and more.

Take a Snapshot of Your Health

The HA asks you questions about your health and habits.¹ You then get a Personal Wellness Report. This report suggests ways to make positive lifestyle changes. Your report can also help you decide which Well onTarget program to start first to get the most benefit. You can even print a Provider Report to share with your doctor.

Blue PointsSM Program²

Small rewards may motivate you to make positive changes to meet your wellness goals. With Well onTarget, you can earn Blue Points for making healthy choices. If you enroll in the Fitness Program or take your HA, you earn points.³ You can also earn points when you achieve milestones in the Self-Management Programs. Redeem your Blue Points in the online shopping mall, which offers a wide variety of merchandise.⁴

Health Tools and Trackers

Knowing what you eat and how much you work out can help you reach your goals. But keeping track of all you do can be time-consuming. To make it easy, the portal has trackers that let you record how much sleep you get, your stress levels, your blood pressure readings and your cholesterol levels.

The portal also offers a symptom checker. When you don't feel well, this tool can help you decide if you should see a doctor.

Self-Management Programs

These programs consist of:

1. Interactive programs with learning activities and content that focus on behavioral changes to reinforce healthier habits.
2. Educational programs that inform about symptoms, treatment options and lifestyle changes.

These two learning methods allow you to study on your own time and may help you get to the next level of wellness. Topics include nutrition, weight management, physical activity, stress management, tobacco cessation and more.

Fitness Tracking

Earn Blue Points for tracking your fitness activity using popular fitness devices and mobile apps.

Take Wellness on the Go

Check out the Well onTarget AlwaysOn Wellness mobile app, available for iPhone[®] and Android[™] smartphones. It can help you work on your wellness goals — anytime and anywhere.

1. Well onTarget is a voluntary wellness program. Completion of the Health Assessment is not required for participation in the program.

2. Blue Points Program Rules are subject to change without prior notice. See the Program Rules on the Well onTarget Member Wellness Portal for more information.

3. This does not apply to points you earn for completing Fitness Program activities.

4. Member agrees to comply with all applicable federal, state and local laws, including making all disclosures and paying all taxes with respect to their receipt of any reward.

The Fitness Program is provided by Tivity Health[®], an independent contractor that administers the Prime Network of fitness centers. The Prime Network is made up of independently owned and operated fitness centers. Blue Cross and Blue Shield of Texas (BCBSTX) makes no endorsement, representations or warranties regarding third-party vendors and the products and services offered by them.

Powered by
MDLIVE[®]

Getting sick is never convenient, and finding time to get to the doctor can be hard. Blue Cross and Blue Shield of Texas (BCBSTX) provides you and your covered dependents access to care for non-emergency medical issues and behavioral health needs through MDLIVE.

Whether you're at home or traveling, access to an independently contracted board-certified doctor is available 24 hours a day, seven days a week. You can speak to a doctor immediately or schedule an appointment based on your availability. Virtual visits can also be a better alternative than going to the emergency room or urgent care center.

MDLIVE doctors or therapists can help treat the following conditions and more:

General Health

- Allergies
- Asthma
- Nausea
- Sinus infections

Pediatric Care

- Cold
- Flu
- Ear problems
- Pinkeye

Behavioral Health

- Anxiety/depression
- Child behavior/learning issues
- Marriage problems

24/7 Nurseline

Nurses available anytime you need them.

Health happens – good or bad, 24 hours a day, seven days a week. That is why we have registered nurses waiting to talk to you whenever you call our 24/7 Nurseline.

Our nurses can answer your health questions and try to help you decide whether you should go to the emergency room or urgent care center or make an appointment with your doctor. You can also call the 24/7 Nurseline whenever you or your covered family members need answers to health questions about:

- Asthma
- Dizziness or severe headaches
- Cuts or burns
- Back pain
- High fever
- Sore throat
- Diabetes
- A baby's nonstop crying
- And much more

Plus when you call, you can access an audio library of more than 1,000 health topics – from allergies to surgeries – with more than 500 topics available in Spanish.

Call the 24/7 Nurseline number at **800-581-0393**.
Hours of Operation:
Anytime

So, put the 24/7 Nurseline phone number in your contacts today, because health happens 24/7.

For medical emergencies, call 911. This program is not a substitute for a doctor's care. Talk to your doctor about any health questions or concerns.

Prepare for Your Life-Changing Journey

Women’s and Family Health Pregnancy and Parenting Support

Whether you are pregnant or planning to get pregnant, you should prepare as much as you can. Blue Cross and Blue Shield of Texas (BCBSTX) has tools to help you – at no extra cost to you.

- **Ovia Health™** apps are for tracking your cycle, pregnancy and baby’s growth. The apps are available in English and Spanish*, and provide videos, tips, coaching and more.
 - **Ovia Fertility:** Track your cycle and predict when you are more likely to get pregnant.
 - **Ovia Pregnancy:** Monitor your pregnancy and baby’s growth week by week leading up to your baby’s due date.
 - **Ovia Parenting:** Keep up with your child’s growth and milestones from birth through three years old.
- **Well onTarget®** has self-guided courses about pregnancy that you can take online, covering topics such as healthy foods, body changes and labor.

Plus, if your pregnancy is high-risk, BCBSTX will provide support from maternity specialists to help you care for yourself and your baby. Having a baby changes everything, so use these tools to help you get ready.

Download any of the Ovia Health apps from the Apple App Store or Google Play. During sign-up, make sure to choose “I have Ovia Health as a benefit.” Then select BCBSTX as your health plan and enter your employer name. Also visit wellontarget.com to explore our online courses.

Please call **888-421-7781** if you have questions or want to learn more.

*Ovia Health is an independent company that provides maternity and family benefits solutions for Blue Cross and Blue Shield of Texas.

*To access the Spanish version of the Ovia Fertility, Ovia Pregnancy and Ovia Parenting apps, you must select “Español” as the language preference in your mobile phone or device settings.

It's Okay to Need Help

Take care of your mental health to cope with what life brings your way.

If you struggle with thoughts or feelings that make it harder to get through your day, you're not alone. About half of people in the U.S. will suffer from a mental health issue at some point in their lives.¹

Care from a mental health expert can help you manage your emotions and deal with challenges.

Mental health is just as important as physical health.

Your health plan includes access to mental health care like therapy and medicines that might help. You and your family members can get support for issues such as:

- Depression
- Anxiety and panic attacks
- Substance use
- Attention deficit (ADHD/ADD)
- Autism
- Bipolar
- Eating disorders

Your journey is one-of-a-kind.

Whether you need support to get through everyday life or a major crisis, seeking help is the first step to getting better.

Find a provider who can help get you where you want to be.

1. Go to mybenefits.county.org.
2. Click on **Benefits**, then select **Links & Contacts** and Go to **Blue Cross Blue Shield Member Site**.
3. Use the information on your member ID card to complete the process.
4. Then, click **Find a Doctor or Hospital**.

Well onTarget®

Go to [wellontarget.com](https://www.wellontarget.com) to find articles, videos, tools and trackers to help you live healthy and well. Take a 12-week, online course to learn to sleep better or handle stress.

When you're ready, we're here.

Taking the first step isn't easy. But you don't have to take it alone. If you're facing a mental health issue, we have experts who can help you learn about your condition and treatment options. Your personal health details won't be shared with your employer. We can also help you find a provider and understand your mental health benefits.

Don't be afraid to reach out – call the Customer Service or behavioral health number on the back of your member ID card.

¹ These discounted fees apply at most provider locations. However, fees may vary. For example, at Walmart or Sam's Club[®], members will receive comparable values on spectacle lens and contact lens purchases with the applicable standard retail cost. Members buying frames at either provider will receive a flat 10 percent discount on the price, rather than the discounts shown. Confirm discounts with your selected provider.

² Special lens designs, materials, powers and frames may require additional cost.

³ Discount will be applied to the provider's usual and customary price for services.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

You may be eligible for assistance paying your employer health plan premiums. In Texas, contact information regarding eligibility is listed below.

Women's Health and Cancer Rights Act of 1998 Notification

In 1998, the U.S. Congress passed the Women's Health and Cancer Rights Act of 1998 that provides coverage for reconstructive surgery and related services following a mastectomy in conjunction with a diagnosis of breast cancer.

In the case of a covered person receiving benefits under their plan in connection with a mastectomy and who elects breast reconstruction, coverage will be provided in a manner determined in consultation with the attending physician and the patient for:

- Coverage will be provided for the reconstructive surgery of the breast on which a mastectomy has been performed.
 - Coverage will be provided for surgery and reconstruction of the other breast to produce a symmetrical appearance.
 - Coverage will be provided for prostheses and physical complications through all stages of a mastectomy, including swelling associated with the removal of lymph nodes.

Newborns' and Mothers' Health Protection Act of 1996

Group health plans and health insurance issuers generally, may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours if applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Genetic Information Nondiscrimination Act of 2008 (GINA)

GINA prohibits employers and other entities covered by GINA from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request. "Genetic information" as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services. Please do not include any family medical history or any information related to genetic testing, genetic services, genetic counseling or genetic diseases for which an individual may be at risk

TEXAS ASSOCIATION *of* COUNTIES HEALTH AND EMPLOYEE BENEFITS POOL

Notice to Enrollees in the TAC HEBP Group Health Plan

Group health plans sponsored by a local government entity such as the Texas Association of Counties Health and Employee Benefits Pool (TAC HEBP) must generally comply with Federal law requirements in Title XXVII of the Public Health Services Act. However, TAC HEBP is permitted to elect to be exempt from the requirement listed below because TAC HEBP's plan is "self-funded", rather than provided through a health insurance policy. TAC HEBP has elected to be exempt from the following requirement:

- Protections against having benefits for mental health and substance use disorders be subject to more restrictions than apply to medical and surgical benefits covered by the plan.

The exemption from this Federal requirement will be in effect for the plan year beginning October 1, 2021 and ending September 30, 2022. The election may be renewed for subsequent years.

Important Notices

Initial Notice About Special Enrollment Rights in Your Group Health Plan

A federal law called Health Insurance Portability and Accountability Act (HIPAA) requires that we notify you about very important provisions in the plan. You have the right to enroll in the plan under its “special enrollment provision” without being considered a late enrollee if you acquire a new dependent or if you decline coverage under this plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons. Section I of this notice may not apply to certain self-insured, non-federal governmental plans. Contact your employer or plan administrator for more information.

A. SPECIAL ENROLLMENT PROVISIONS

Loss of Other Coverage (Excluding Medicaid or a State Children’s Health Insurance Program) If you are declining enrollment for yourself or your eligible dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if you move out of an HMO service area, or the employer stops contributing toward your or your dependents’ other coverage). However, you must request enrollment within 31 days after your or your dependents’ other coverage ends (or move out of the prior plan’s HMO service area, or after the employer stops contributing toward the other coverage).

Loss of Coverage For Medicaid or a State Children’s Health Insurance Program

If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children’s health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents’ coverage ends under Medicaid or a state children’s health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption

If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Eligibility for State Premium Assistance for Enrollees of Medicaid or a State Children’s Health Insurance Program

If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children’s health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents’ determination of eligibility for such assistance.

To request special enrollment or obtain more information, call Customer Service at the phone number on the back of your Blue Cross and Blue Shield ID card.

II. Additional Notices

Other federal laws require we notify you of additional provisions of your plan.

NOTICES OF RIGHT TO DESIGNATE A PRIMARY CARE PROVIDER (FOR NON-GRANDFATHERED HEALTH PLANS ONLY)

For plans that require or allow for the designation of primary care providers by participants or beneficiaries:

If the plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, call Customer Service at the phone number on the back of your Blue Cross and Blue Shield ID card.

For plans that require or allow for the designation of a primary care provider for a child: For children, you may designate a pediatrician as the primary care provider.

For plans that provide coverage for obstetric or gynecological care and require the designation by a participant or beneficiary of a primary care provider: You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

For a list of participating health care professionals who specialize in pediatrics, obstetrics or gynecology, call Customer Service at the phone number on the back of your Blue Cross and Blue Shield ID card.

NOTICE OF PRIVACY PRACTICES

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

I. USE AND DISCLOSURE OF HEALTH INFORMATION

The Texas Association of Counties Health and Employee Benefits Pool (“Pool”) has created a health plan that provides health coverages for employees (and their dependents) of the counties and county-related entities that are members of the Pool (“the Plan”). The Plan is subject to the requirements of the federal Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) and the Privacy Rule published by the United States Department of Health and Human Services at 45 CFR §§ 160 -164 (“Privacy Rule”). HIPAA and the Rule regulate the Plan’s use of your protected health information.

The Plan may use your protected health information for purposes of making or obtaining payment for your care and conducting health care operations. The Plan has established a policy to guard against unnecessary disclosure of your health information.

The following is a summary of the circumstances under which and purposes for which your health information may be used and disclosed without getting an authorization from you or giving you a chance to agree or object to the disclosure:

A. To Make or Obtain Payment.

The Plan may use or disclose your health information to make payment to or collect payment from third parties, such as other health plans or providers, for the care you receive. For example, the Plan may provide information regarding your coverage or health care treatment to other health plans to coordinate payment of benefits.

B. To Conduct Health Care Operations.

The Plan may use or disclose health information for its own health care operations, to facilitate the administration of the Plan, and as necessary to provide coverage and services to all of the Plan’s participants. If the Plan needs to use your information, but does not need to disclose it to third parties, it will be used but will not be disclosed. Health care operations includes such activities as:

- Quality assessment and improvement activities.
- Activities designed to improve health or reduce health care costs.
- Clinical guideline and protocol development, case management and care coordination.
- Contacting health care providers and participants with information about treatment alternatives and other related functions.
- Health care professional competence or qualifications review and performance evaluation.
- Accreditation, certification, licensing or similar activities.
- Underwriting, premium rating or related functions to create, renew or replace health insurance or health benefits. However, while we may use and disclose your health information for underwriting purposes, we are prohibited from using or disclosing genetic information of an individual for such purposes.
- Review and auditing, including compliance reviews, medical reviews, legal services and compliance programs.
- Business planning and development, including cost management and planning related analyses and formulary development.
- Business management and general administrative activities of the Plan, including customer service and resolution of internal grievances.

For example, the Plan may use your health information to conduct case management reviews, to review and assess the quality of the various components of the Plan and the utilized health care providers, or to engage in customer service and grievance resolution activities.

C. For Treatment Alternatives.

The Plan may use and disclose your health information to tell you about or recommend possible treatment options or alternatives that may be of interest to you.

D. For Distribution of Health-Related Benefits and Services.

The Plan may use or disclose your health information to provide to you information on health-related benefits and services that may be of interest to you.

E. For Disclosure to the Plan Sponsor.

The Plan may provide summary health information to the plan sponsor so that the plan sponsor may solicit premium bids from health insurers or modify, amend or terminate the plan. The Plan also may disclose to the plan sponsor information on whether you are participating in the health plan.

In addition, the Plan may disclose your protected health information (PHI) to the plan sponsor as necessary for the plan sponsor to perform administration functions on behalf of the Plan. The Plan will not provide your name in connection with your health information and will otherwise de-identify the information to the extent it is practical to do so. PHI will be disclosed to the plan sponsor only upon receipt of a certification by the plan sponsor that the plan sponsor agrees to:

- Not use or further disclose the information other than as permitted or required by the plan documents or as required by law;
- Ensure that any agents to whom it provides PHI received from HEBP agree to the same restrictions that apply to the plan sponsor with respect to such information;
- Not use or disclose the information for employment related actions and decisions or in connection with any other benefit or employee benefit plan of the plan sponsor;
- Report to HEBP any use or disclosure of PHI that is inconsistent with the uses or disclosures provided for of which it becomes aware;
- Make available PHI for amendment and incorporate any amendments to PHI agreed to or required by HEBP;
- Make PHI available to an individual who has a right to access it pursuant to the Privacy Rule;
- Make available the information required to provide an accounting of disclosures in accordance with the Privacy Rule;
- Make its internal practices, books, and records relating to the use and disclosure of PHI received from HEBP available to the Secretary for purposes of determining compliance by HEBP with the Privacy Rule; and
- If feasible, return or destroy all PHI received from HEBP that the sponsor still maintains in any form and retain no copies of such information when no longer needed for the purpose for which the disclosure was made.

Any PHI disclosed by the Plan will be disclosed to the Pool Coordinator designated by the Plan Sponsor. The Plan Sponsor will restrict access to and use of PHI to those individuals who need it to perform plan administration functions or to obtain bids for health

coverage. The plan sponsor will provide an effective mechanism for resolving any issues if such persons use or disclose your PHI inappropriately.

F. When Legally Required.

The Plan will disclose your health information when it is required to do so by any federal, state or local law.

G. To Conduct Health Oversight Activities.

The Plan may disclose your health information to a health oversight agency for authorized activities including audits, civil, administrative, or criminal investigations, inspections, licensure or disciplinary action. The Plan, however, may not disclose your health information if you are the subject of an investigation and the investigation does not arise out of or is not directly related to your receipt of health care or public benefits.

H. In Connection With Judicial and Administrative Proceedings.

The Plan may disclose your health information in the course of any judicial or administrative proceeding in response to an order of a court or administrative tribunal as expressly authorized by such order or in response to a subpoena, discovery request or other lawful process, but only when the Plan makes reasonable efforts to either notify you about the request or to obtain an order protecting your health information.

I. For Law Enforcement Purposes.

As permitted or required by state law, the Plan may disclose your protected health information to a law enforcement official for certain law enforcement purposes, including, but not limited to, if the Plan has a suspicion that your death was the result of criminal conduct or in an emergency to report a crime.

J. In the Event of a Serious Threat to Health or Safety.

The Plan may, consistent with applicable law and ethical standards of conduct, disclose your protected health information if the Plan, in good faith, believes that such disclosure is necessary to prevent or lessen a serious and imminent threat to your health or safety or to the health and safety of the public.

K. For Specialized Government Functions.

We may be required to disclose your information to federal authorities. Federal regulations require the Plan to use or disclose your health information to facilitate specified government functions related to the military and veterans, national security and intelligence activities, protective services for the president and others, and correctional institutions and inmates.

L. For Worker's Compensation.

The Plan may release your health information to the extent necessary to comply with laws related to workers' compensation or similar programs.

M. Public Health Activities.

The Plan may disclose your protected health information to a public health authority authorized by law to collect such information to prevent or control disease, injury, or disability, and to report such information as birth or death, the conduct of public health surveillance and public health investigations. The Plan also may disclose your information to an appropriate government authority authorized to receive reports about child abuse. The Plan also may disclose your information to a person responsible for activities related to the quality, safety and effectiveness of products regulated by the federal Food and Drug Administration. The Plan may disclose your protected health information to a government authority if there is a reasonable belief that you are a victim of abuse, neglect, or domestic violence.

II. AUTHORIZATION TO USE OR DISCLOSE HEALTH INFORMATION

Other than as stated above, the Plan will not disclose your health information unless you give us your written authorization. Specifically, we must have your written authorization to use or disclose psychotherapy notes except as permitted or required by law and personal information for marketing purposes, in most instances. In addition, we do not sell your personal information. If you authorize the Plan to use or disclose your health information, you may revoke that authorization in writing at any time, unless the Plan has taken an action based on your authorization.

III. YOUR RIGHTS WITH RESPECT TO YOUR HEALTH INFORMATION

You have the following rights regarding your health information that the Plan maintains:

A. Right to Request Restrictions.

You may request restrictions on certain uses and disclosures of your health information. You have the right to request a limit on the Plan's disclosure of your health information to someone involved in the payment of your care. The Plan is not required to agree to your request, but will certainly consider it. We must, however, agree to any request you may make to restrict disclosure of your personal information to a health plan if the disclosure is for the purpose of carrying out payment or health care operations and is not otherwise required by law and the information pertains solely to a health

care item or service for which you or someone acting on your behalf paid the provider in full. If you wish to make a request for restrictions, please contact TAC HBS Operations Manager at 800-456-5974.

B. Right to Receive Confidential Communications.

You have the right to request that the Plan communicate with you in a certain way if you feel it is necessary to protect your interests. For example, you may ask that the Plan only communicate with you at a certain telephone number or by e-mail. If you wish to receive confidential communications, please make your request in writing to TAC HBS Operations Manager, P.O. Box 2131, Austin, Texas 78768, Fax 512-481-8481. The Plan will honor your reasonable requests for confidential communications.

C. Right to Inspect and Copy Your Health Information.

You have the right to inspect and copy your health information. A request to inspect and copy records containing your health information must be made in writing to TAC HBS Operations Manager, P.O. Box 2131, Austin, Texas 78768, Fax 512-481-8481. If you request a copy of your health information, the Plan may charge a reasonable fee for labor for copying, the costs of supplies for creating an electronic copy on portable media, the cost of preparing an explanation or summary of the information if you agree, and postage, if applicable, associated with your request.

D. Right to Amend Your Health Information.

If you believe that your health information records are inaccurate or incomplete, you may request that the Plan amend any records in its possession. A request for an amendment of records must be made in writing, must express a reason the records should be amended, and must be sent to TAC HBS Operations Manager, P.O. Box 2131, Austin, Texas 78768, Fax 512-481-8481. The Plan may deny the request if it does not include a reason to support the amendment. The request also may be denied if your health information records were not created by the Plan, if the information requested is not part of a designated record set, if the health information you are requesting to amend is not part of the Plan's records, if the health information you wish to amend falls within an exception to the health information you are permitted to inspect and copy (including psychotherapy notes, and information compiled for or in anticipation of a civil, criminal or administrative proceeding), or if the Plan determines the records containing your health information are accurate and complete.

E. Right to an Accounting.

The Privacy Rule requires the Plan to keep a record of certain disclosures of health information, such as

disclosures for public purposes authorized by law or disclosures that are not in accordance with the Plan's privacy policies and applicable law. You have the right to request a copy of this record. The request must be made in writing to TAC HBS Operations Manager, P.O. Box 2131, Austin, Texas 78768, Fax 512-481-8481. The request should specify the time period for which you are requesting the information, but may not start earlier than April 14, 2003. Accounting requests may not be made for periods of time going back more than six (6) years. The Plan will provide the first accounting you request during any 12-month period without charge. Subsequent accounting requests may be subject to a reasonable cost-based fee. The Plan will inform you in advance of the fee, if applicable.

F. Right to a Paper Copy of this Notice.

You have a right to request and receive a paper copy of this Notice at any time, even if you have received this Notice previously or agreed to receive the Notice electronically. To obtain a paper copy, please contact TAC HBS Operations Manager, P.O. Box 2131, Austin, Texas 78768, Fax 512-481-8481. You also may view a copy of the current version of the Plan's Privacy Notice at the Web site, <http://www.County.Org>.

IV. DUTIES OF TAC HEBP HEALTH PLAN

The Plan is required by law to maintain the privacy of your health information as set forth in this Notice and to provide to you this Notice of its duties and privacy practices. The Plan is also required by law to notify any affected individuals following a breach of their unsecured protected health information. The Plan is required to abide by the terms of this Notice, which may be amended

from time to time. The Plan reserves the right to change the terms of this Notice and to make the new Notice provisions effective for all health information that it maintains. If the Plan changes its policies and procedures, the Plan will revise the Notice and will provide a copy of the revised Notice to you within 60 days of the change. The Plan will also post the revised Notice on its website by the effective date of the Notice. You have the right to express complaints to the Plan and to the Secretary of the Department of Health and Human Services if you believe that your privacy rights have been violated. Any complaints to the Plan should be made in writing to TAC HEBP Privacy Official, Rob Ressmann, P.O. Box 2131, Austin, Texas 78768, Fax: 512-478-0519. The Plan encourages you to express any concerns you may have regarding the privacy of your information. You will not be retaliated against in any way for filing a complaint.

CONTACT PERSON

The Plan has designated Rob Ressmann, Privacy Official as its contact person for all issues regarding patient privacy and your privacy rights. You may contact him at P.O. Box 2131, Austin, Texas 78768, 512-478-8753.

EFFECTIVE DATE

This Notice is effective Nov 8, 2013.

IF YOU HAVE ANY QUESTIONS REGARDING THIS NOTICE, please contact Rob Ressmann, TAC HEBP Privacy Official, P.O. Box 2131, Austin, Texas 78768, 512-478-8753.
